Utterli For PC

Utterli is a totally new type of social network. People - not pages - define the social. We offer a more personal, more relevant experience - where your tastes are actually reflected in the choices and presentation of content you see on your social homepages and on your mobile devices. Instead of publishing every content item individually, Utterli publishes posts and pages as collections, making it easy to find topics you care about and to connect with friends who share your interests. We make privacy and security simple and easy. Utterli Website: Like it? Share with your friends!
