You can view and install downloads for the following applications: Customer reviews I am not sure if it is possible, but I would like to use this app on my Win7 64 bit. Can I download it from here? Or should I buy the download from the Msoft store. If I do so, what is the difference? Anonymous Feb 15, 2015 Robust, Useful, Practical, and Flexible I like the look and feel of this app very much. However, it lacks the flexibility of Microsoft Office Online and I don't know how many of the features I use. I like the ability to save the presentation in different formats and even send it to others as an email attachment. That is the flexibility that I use. However, unlike MS Office Online, you cannot have it auto-save when you close the app. In any case, the app is not too difficult to use and navigate, and it works well. Hi Thanks for your comment. You can download the product from Microsoft's Download Center. I'm not sure if the product is the same as the Microsoft Office Online, but it does work on the same type of platform. Thanks again! Answered by Ian Rawcliffe (Microsoft) on February 22, 2015 00:00 The file I have is NOT compatible with Windows 7. Please use the following link to download the correct file: Thank you. I have a problem with some buttons on the main window. I double click the button, but it does not open the menu. When
