Is there a way to open a specific message window in Finder? I wish to open just one message window (one containing a message I just copied over) (I'm aware there is an option to 'Always Open In This Folder' as presented in this blog post. I'd prefer a more elegant solution.) A: Try using the View command: cmd-shift-v or ^ @ v I use this shortcut for opening messages in a new window 2017 World Rowing Championships - Men's lightweight single sculls The men's lightweight single sculls competition at the 2017 World Rowing Championships in Sarasota took place at the Enron Arena.
