

New Card Evo It allows players to personalize and craft different “evos”, or cards for specific tactics, skills or player attributes, to create their own dream team. For example, the “evo mode” allows you to create a new player that is impossible by historical standards, or to create a new strength or speed. Evo cards can be customized to create more than just one player: cards are accessible via carousel, which allows the creation of “evos” that can be used across different gameplay modes in a single Fifa 22 Cracked 2022 Latest Version game. FIFA Ultimate Team FIFA Ultimate Team has been completely rebuilt from the ground up to introduce a new “re-imagined” system and deep gameplay changes. It will also allow you to create a dream squad from players around the world using one of the greatest FIFA video game licenses ever! NEW Artificial Intelligence (AI) Innovative A.I. controls play will revolutionize how we tackle other players on the pitch, change the way we compete in matches, coach and influence youth players. Specifically, you can follow “AI directions” that work on the pitch in real time while you are on the ball, such as if it is a tackle or a throw, and use “predictive control,” which helps the AI make the right decision. FUT Champions New off-pitch experience to reflect the dynamic nature of the game with authentic stadiums, players and teams. The new “day-night mode” will let you play at night when the lighting is different from day, with settings like dimming lights and localised studio lighting to give the feel of playing in a genuine real-world environment. The adaptive off-pitch experience includes crowd-pleasing sounds, animations and configurations, and you can track your progress against your friends in the “Player Challenges” mode. Top Trumps A brand-new “fantasy” card-based gameplay mode that features a new “weekly” change of card line-up, as well as new leaderboards and the ability to compete against your friends in these challenges. The engine will also pick out outstanding skill moves, including flicks, solo runs, one touches, no touches and technically perfect passes. Network Doubles Feature - FIFA 22 is a brand new experience that allows you to connect with friends and compete against them

What's new:

- **DEFAULT SETTINGS OPTIONS** Available in the Main Menu, the Settings Window gives you more control over how the game runs. Easily switch between High or Ultra Definition settings, adjust screen resolution, and even turn off the graphical effects that occur in-game. You can even adjust the in-game tutorial settings by turning them off completely, or changing them from the default Full to a Less detailed or Narrative Only setting.
- **Increased Player Customisation**
- **Updated ANGE (Assist Neighbours)**
 - The ANGE Predictor feature is updated with more players with reliable data, and the analysis graph is better designed.
 - The ANGE popularity bar (on the game screen when you are preparing to kick a shot) gives a better overview of the potential direction of the kick. Once you've selected the direction, the ANGE will predict where that ball is heading, and where you are likely to get your chance.
 - Players are easier to purchase from the youth academies. More guidance will be given if you buy without a right, as well as player comments to determine the best approach for each pathway.
 - Valet players will now be selected when they are in the loan section of your squad before a match.
- **Updated Player Visuals.**
- **IN-GAME THEMED CAMPAIGNS**
- **SENIOR FOOTBALL**
- **NEW AGENTS**
- **FIFA WORKSHOP GAME MODES.**
