Special EditionGold EditionBundle Hidden in the Manuscripts of Prague, centuries before the events of our story unfold, lies the secret to the terrible death of a young woman named Anna. Her body was found alone in the woods, bearing the marks of terrible violence. And as the strange case of Anna tumbles to the bottom of the well, the mystery only deepens. Orphaned at birth, Anna was taken in by the old miller of the village, but she would never be free. And it is only one such case that was brought to the attention of the six archbishops of Prague. An emergency investigation was begun, and a solution was found, buried deep in the historical archives of the city. But before the six archbishops could read it, a gang of thugs burst into the city jail to make off with the evidence. Now, with the power of magic, the fate of the archbishops hangs in the balance.A Relic of Mystery is finally revealed. An ancient manuscript, locked away in a secret location by the evil archbishop, is found in the cell of a young girl, drugged into unconsciousness. She carries within her body a relic of the past that can have incalculable consequences. Now, the archbishops face an agonizing dilemma: allow the girl to live, or open the forbidden pages of history. But the lives of all are hanging in the balance as the archbishops must determine whether to give into the hand of the forces of evil or follow the will of destiny. What's new:

, known in Japan as is the eleventh installment in the Metal Heroes: Subspace Emissary series developed by Imageepoch and published by Namco Bandai Games for the Nintendo 3DS. It was released in Japan in April 2015, and later in Europe in March 2016, the USA in June 2016 and Australia in January 2017. Gameplay Space Invader Kreature is a side-scrolling shooter game similar to the first game in the series, Metal Heroes: Subspace Emissary, but with more straightforward gameplay. In this installment, a group of six "Uruha" beings from the Metal Heroes: Subspace Emissary Series known as Uruhahara or just Uruhahara, invade the Earth and reclaim it as their new residence. Much like the previous game, the player can have four different forms, with each form gaining new abilities and stats. Game modes include Arcade mode, Tag Mode, Vs mode, Mission Mode, Challenge Mode and the previously seen King of Heroes. There are new Record modes as well, such as the Stage Record mode, which records footage of a player's battle success on various stages, and the Time Record mode, which records the best time trial of a player in a stage. There are also new costumes, songs, and items. Plot On April 1, the Uruhahara Army starts to invade Earth, destroying many of its cities in a matter of hours. The machines ensure Earth can defend itself by shooting lightning from its orbit. The player takes control of a Uruhahara in the game's Arcade, Tag, and Vs modes. The Plot gradually unfolds as the player battles The Uruhahara Army, and more pieces of the story are revealed. Characters Main There is a main protagonist character that is chosen at the start of the game and cannot be changed. He/she is known as the Uruhahara. Therefore, only one Uruhahara can be played at a time. The "Raid Uruhahara" menu has several different colorful Uruhahara. They all are named after different art forms of the ancient Egypt. Like previous games, there are three male and two female playable Uruhahara at the start. Later on, the Uruhahara can evolve three times into more powerful forms: The Blackscale Uruhahara is a more ruthless variant who inherits the powers of

In Skylanders Spyro's Adventure, gamers can use their Skylanders figures to interact with their surroundings as they explore the creatures and characters they encounter. Skylanders Spyro's Adventure will send them on missions to help Mysteron recover the precious crystal shards and solve the ongoing threats of the evil villain Fruticula. Featuring a rich storyline full of twists and turns, Skylanders Spyro's Adventure combines fun, action, adventure and humor to create a unique take on the Spyro games for PlayStation 3. The entire Skylanders line is compatible with the PlayStation 3 entertainment system. This is the first Skylanders game to make its debut on PlayStation 3. It is the first game in the Skylanders series to adopt the Spyro trademark and name, and introduces new characters such as Eruptor, Master Mold and Sonicasaurus. All characters from the Skylanders games have been reimagined for action figures in their own line. The characters have been completely redesigned with each of their unique features clearly marked on the figures. Players can use their new figures in an online head-to-head action game in which players use an animated map of the gameplay location as their Skylanders base. Players can take their figures on the go to use a variety of game-play modes including local head
