There is something about the attitude of this woman's face, it makes me smile just to look at her. She doesn't smile back though. She looks pretty serious. Seriously beautiful. That's almost why I made this portrait. this one looks like she wanted to be photographed! I hope you like it! I thank you for your time and may your day be filled with happiness! Until tomorrow, much love! About Me Hello Everyone! My name is Irene Lorenzo and I'm a visual artist, graphic designer and illustrator. My professional life has been dedicated to printmaking, screen printing, art, animation, illustration and commercial design. Since I was a kid, I've always loved to create something, which is why I create my work. I love to draw, to paint, to print. In most of the cases, I doodle, draw, do art work do any of those things.iCart, like many other Chinese e-commerce firms, sells products on Taobao, China's biggest e-commerce site. While they faced little difficulty attracting users, getting paid for goods that are sold in Chinese has been harder. So rather than use Taobao's conventional payment system, iCart is using a new one called "Taobao Gold."

The company has developed the gold service with Beijing Seed Ventures, a venture capital firm co-founded by veteran entrepreneur
