The elements are already there, just add balls. Add a simple and addictive mini-game. The rainbow of the sky is the playground, and now it's time for you to start playing. Ball Breaker VR was created and designed to be a fast-paced, exciting take on the classic and proven breakout concept. Shoot the balls at the targets, then deflect them using your shield or airborne pulses. Keep the balls in the play area for as long as possible to score more points. Teleport to another position to better aim your initial burst. There are bonuses, power-ups, gigantic cubes, monster balls and more! Features: • Crazy Good Soundtrack • 20 carefully designed Ball Patterns with a variety of color and sizes. • Different difficulty levels. • Optimization for all Oculus touch controllers. • High-quality graphics for a VR experience like no other. • Split screen. • Excessive balls. You need the latest Oculus Runtime installed to play Ball Breaker VR. To install click here. Join the Betawards clan and win all prizes, with the biggest bet, you can be the King of Glory and get the trophy! And help your friend with the rally! Colors:

<u>Ze VR Features Key:</u>

Three game modes: "Attack" "Sniper" "Defense" Select one to play the main level
Lots of points you can gather by having a successful game
Collect a lot of power-ups - if your targeting changes, that means you collect a power-up
Use aiming at your enemies to earn points
Every game is self-impose of you
How many game rounds you can win, much power you are going to need and more other game records calculated

How to play:

1. Choose the main level you are going to play for
2. Activate the options menu
3. Selecting the game mode then the main level you are playing
4. Select your play type, hotkeys, power-ups and game round (The number of game rounds can be set)

Technical Note

- In game the life of right mouse button is no assigned to jump. You can get a better speed by pressing it than clicking.
- The display will set a value to show the number of remaining jump power left and time remaining for continuing to play.
- If you jump early, but the game end, the game didn't end as you expected. Look at the right, and please report to game.In this case, we will assign the corresponding value for the surplus power.
