How to install Android apps on your PC or Mac? This post explains. Android's Keystore and How to Install Android Apps. DroidMote Server v3.9.9 (Paid)Â .18 Aug 2019, 13:11 The 3rd China International Optoelectronics Exhibition (CIOE2019) officially opened at the National Exhibition and Convention Center in Beijing on Monday. CIOE, which is held every three years, is organized by the China Institute of Electron Technology (CIET) and the China Optoelectronics Association (COEA). More than 300 exhibitors from a wide range of industries were expected to participate in CIOE2019. The exhibition, which lasts from Aug. 15 to 18, will run under the theme "Optics and Photonics Innovation of China." It will showcase China's achievements in optics and photonics, and share global trends in scientific research and innovation on optic and photonics. At the exhibition on high-speed smart manufacturing will be held. High-speed intelligent manufacturing was selected as a project covered by China's 12th Five-Year Plan. High-speed manufacturing is expected to be an important area of development for China in the next five years. The ministry and scale will organize a series of high-level events to highlight the key technologies of 5G and Al in the optical and photonic field and support the efforts made by enterprises, governments and cademia to boost the development of smart manufacturing and discuss ways for China to catch up with the rest of the world in this field. Panelists are Chen Yuheng, deputy director of the National Engineering Laboratory for Optical Information Technology of the Institute of Optics, Chinese Academy of Sciences at the High-Temperature Superconductor Project of the Institute of Optics, e79caf774b
