The problem is that I can't boot into OSX after using Ubuntu. I also tried to install Ubuntu with the live USB, but it can't find the location of my hard drive. So what do I do? A: You should do as follows. If you have an internet connection, download the Ubuntu installer from the Ubuntu website, then burn the ISO to a CD/DVD. Connect your Macbook to a Windows (or other) machine and boot from the CD/DVD. Follow the instructions for installing Ubuntu. If the Macbook doesn't have an optical drive, you can either buy a USB drive (if you can afford it), or use a USB CD/DVD, when the installer finishes, reboot the Macbook. That should be it! Check out the installer instructions from the Ubuntu website. 1. Field of the Invention The present invention relates to a photo-detector, and in particular to a photo-detector having an improved ability of being shielded against external light. 2. Related Art Conventionally, a photo-detector is used as an optical sensor which receives external light and

All the questions are with a specific answer.. #easyharyaliquranreading.Pipelines that are used for transporting oil and gas generally comprise a line surrounded by a web of spaced-apart steel pipes. The web is generally interconnected by end members. The line typically comprises multiple pipe lengths secured together end-to-end. The ends of the individual pipes within the web can buckle under pressure if certain forces are exerted on the web, such as from seismic activity. Buckled ends can lead to a leak, cut or burst. A typical technique for monitoring for buckles in a pipeline system that measures deflections and provides indications of line instability. Example, U.S. Pat. Nos. 6,412,175 and 5,906,996. The disclosures of both of these references are incorporated herein by reference. As recognized by the present inventor, there is a need for a method and system for monitoring a pipeline systems, described in a pipeline system by obtaining images of the pipeline system that is fast and efficient, position a master slave or slave engaged in a bout with a standard fight pose; complete self-awareness with all twelve joints in the body in full vigilance is a state of extreme concentration (or as some say, "out of body awareness"); achieve the state of a dead yogi who is only serving their own body and mind without attachment to life or death.
