What's new:

- SPIN-OFF MELODRAMA Plot follows a villain named Tokuga from the Hidden Leaf Village, who set up hideout in Sabaku Village. He plans to assassinate the Hokage to unite the Hidden Leaf Village and Sabaku Village into one single country, to create a utopia where there are no shinobi and villages, and one person rules both villages in the northern mountains. The plot involved switching places with Naruto Uzumaki resulting from the Great Ninja Council getting involved. :bbs: This is the most powerful thread in the BBS and is a requirement to join the BBS, to collect the threads to spell out NET NARUTO! You must register / join the BBS before you can comment (login is free, but we all need to register), You have to register to comment! :474747: If you were secretly watching Naruto Shinpan then you died for years but the DVD got released,... Anyways, if there is a ninja that has to redo everything in a nutty timeline... I'll call the event - Tunnout Naruto!! I am not in charge of the BBS nor the anime and this series is not Adult. Any content that incites porn, anti-government, support of child sex tourists, or violence in general are not to be posted. This is the violent Naruto shit-pocalypse. - post by Prezth and 13th Amendments to the Constitution of the United States. [2] Section 582.2(1) and (5) were both amended in 1997, but these amendments have no bearing on this case. [3] At this point, the plaintiff's counsel mentioned several allegedly damaging articles that he had found, presumably in a yellow pages listing or through the internet. The trial court found that this would not be relevant. For purposes of this appeal, we will assume the sources were properly authenticated. [4] Del.R.Evid. 901; see State v. Marsh, Del.Super., C.A. In the Hellhole Galaxy, only one all-powerful empire stands as a beacon of hope in a bloody cosmos. Its rule is harsh, but the Hellhole's mercenaries earn their stripes. Starving classes, aggressive citizens, and a rugged working class are taxed with conquering the Orion Nebula. However, life for civilians goes no better; enduring the public harvests, forced labor, mass enslavement, and frequent imprisonments can only go so far. To uphold their constitutional rights, citizens of the Hellhole have formed their own armed resistance group known as the Pitfighters. Only a bold departure into their own domain will liberate the population and establish their legal title to the Orion Belt. Your mission: defy global authority, gain fame, and defeat the enemy by conquering the heart of their territory in the eventful game of Nexagon. Nexagon is a unique game that combines unbridled strategy, a live-deafening fight scene, and adrenaline-fueled action in an excitingly tuned eSports arena.
