posts on this topic, most of it is the same as the answer, but I'm posting this in case anyone else comes across this question. So this is the first time I see this ending. I don't even know what's going on in the last panel. Is it that the "living nuclear armageddon" is heating up? Is Dr. Manhattan about to leave the Earth? Is Ozymandias about to switch the location of the nukes? Is it that the earth is being invaded by brain-hackers? I'm sure you can imagine what happened to my brain as I looked at this, just in case someone has a similar problem and they are looking for a possible answer. Thanks for your time A: The last e79caf774b
