It was a truck that he'd been toiling on for years. For that reason he sat in the driver's seat and slowly began driving it forward. I'd love to explain the intricacies of a creation process that took in excess of two years, but that's the reason why I'm a creative strategist. It took that long to get the glimmer of an idea that developed into what I would present today. I truly love this game. I love it's universe of Mad Max. I love how brilliant it is, and I love the thrill of victory. Love this video? Hit that Like button and Subscribe to the channel for regular uploads and live streams!
