Fc3updater Reg Fix

save the hkey_current_user\
software\far cry
3\packsettings\updater key.
restart your computer. it

might take a couple of minutes before your launcher starts. it requires the same version of far cry 3 as your launcher. open the hkey_current_user\software\far cry 3\packsettings\updater key. it'll contain a bunch of key/value pairs. only delete the one "brushred" (so it'll be "brush red"). fc3updater.exe 3.0.3044 - 7/8/2011. don't open with notepad.exe. it corrupts some files. open with your text editor of choice. next log files. *consolelog.txt

and farcrylog.txt. note that if you start the executable as administrator, the log will be created in the folder %appdata%\farcry 3 and you won't find these logs if you run fc3updater.exe as non-administrator user. if the player becomes stuck in the game, it may be useful to try patching the executable manually, and leaving the patching done by the game in. see the log file to find the current version of patch. you can find this information

under the line "moused" in the farcry3_d3d11.exe log. . this executable is part of autopatch and developed by ubisoft according to the fc3updater.exe version information.. if you don't have the fc3updater for far cry 3 yet, you may want to download it from <http://fc3updater.codeplex.com/releases>. a few times recently, i have left the game to answer a text message, and when i return, i can no longer continue. you are transported

back to the main menu and the game stops working until i close the game and relaunch it. on some occasions i have tried to play again and i get the same result. 5ec8ef588b
