

you need to know the vocabulary for both the malayalam and tamil dictionary is not same. if you are choosing a telugu dictionary for writing, there will be many telugu words that are not easy to be written or understood. if you are choosing a tamil based dictionary for writing, there will be few words which are hard to be understood. in tamil based dictionary, there are many tamil words that are not easy to be understood. so, choose the best books for reading and you will easily find the best choice for the optional. you will have to cover the entire syllabus very carefully. you can easily pick it up from the text books. but the syllabus is a little difficult to understand, if you have not studied much of the subject. so

---

choose the books wisely. the optional paper can be a score-enhancing factor. the paper can be handled either as a skill-based paper, that tests the candidates' command over the subject, or, an actual time-based paper. for ias mains exams, the additional subject is expected to be of less weightage. each of the optional subjects has a predefined time duration of marking of at least two hours. syllabus for the optional subject must be issued three months prior to the exam. syllabus and weightage given for the optional subject in the ias exam is decided by the upsc. malayalam is a beautiful language. one of the greatest things about malayalam is the rich history and cultural heritage behind the language. the language has its own literature and is classified as a dravidian language. malayalam was the lingua franca of the tanjore, madurai, calicut and quilon regions for centuries. and still it is used today to unite the people of kerala. here in this article we will discuss the upsc malayalam optional subject and its syllabus.
