However for Tales of Zestiria 2, the PC version will have the Tales of Xillia series saga DLC plus a few parts of the Zestiria saga DLC. For the PS4 and Vita version there will be a complete edition of the Tales of Xillia saga. I will of course offer a copy of the Tales of Xillia (PS3) direct into your hard drive free of charge. That is the package you will be getting with this. No money is taking out of your pocket as a result of it. While we have already covered the collector's edition of Tales of Xillia, the limited edition is a much more budget friendly option. For the regular 60 buck price tag, you can get a soundtrack and other goodies just for getting the first edition of the game. Not a bad deal. If you just gotta have a figurine of the lovely Milla Maxwell though, kiss an extra \$40 goodbye. 3 Tales of Xillia DLC Pack, discount \$69.99, Includes: the Tales of Xillia Special Edition, Tales of Xillia Klonoa Klonoa Pack and Tales of Xillia Rashual Armor Package. All new items in selected game systems. It's a good thing too, as in the later days of the Xillia series, main character Tiffa leaves Milla on a quest through the cosmos of time and space. Milla is recruited to complete the quest upon Tiffa's departure, and thus begin the third console entry in the ongoing Xillia trilogy. They also got a job. Most recently, the cast of characters came back together at Midgar in the trailer. In the last few years though, the cast has been all over the map; some were in the main game, others in the first remaster of Tales of Destiny, and most were in Tales Of Xillia. The all-new DLC for Tales of Xillia will include five downloadable single player episodes, each focusing on a character that we didn't really get a chance to explore in the main game. There is some potential for spoilers, so consider yourself warned. Anyways here are the five characters:

Tiffa-Tochigi Region (Single-Player Episode): When an earthquake separates Tiffa from Elise, we learn more about the traveling companion who is to be with her until she returns to normal. Being in touch with another personality has affected Tiffa. The episode follows her journey through the Tochigi and Tochigi Prefecture regions of Japan. Compatible with the Playstation Vita version of Tales of Xillia. We first got word of this in the Japanese edition of the console magazine for Xillia, Dengeki G's Magazine. "The save data is different from the game itself, and to play the save data, you must buy the Xillia (PS3) Special Edition, the game alone, or both game and save data." "The Special Edition is a PS3 version that includes the original Tale of Xillia and Tales of Xillia. The save data of the Tale of Xillia save data is different from that of the main game. Regarding the download, you can download it in February 2010 (New year's). "As for us, we have already decided to release Tales of Xillia in Japan. In addition to the five additional episodes, we will announce more detailed information about the game in the future. " 5ec8ef588b
